STRIKERS IN CONTROL

Warlike Demonstrations in the Vicinity of Sacramento.

VICTORY OVER THE MILITIA.

State Troops Refuse to Fight and This Encourages the Strikers to Such an Extent That They Are Arming Themselves and Are More Determined Than Ever—All Quiet at Chicago.

SACRAMENTO, July 5.—Throughout the day the most intense excitement prevailed here. The celebration of the national holiday was completely overshadowed by the stirring events arising from the desperate struggle between the Southern Pacific and the American Railway union. At 10 o'clock in the morning two regiments of state militia from San Francisco and two companies from Stockton, marched into this city. They had abandoned their train two miles out of the city. The troops marched direct to the armory, around which the local militia companies had established a strong guard.

Soon after the troops had breakfasted the city became wildly excited over a report that several men had been shot. Many of the strikers were wild with rage. It transpired, however, that the shooting was accidental. A bungling militiaman from San Francisco dropped his rifle, which was discharged. The bullet passed through the leg of one of the militiaman's comrades and struck a c. y. fireman named Wing in the abdomen, fatally wounding him. Only a few minutes afterward, when all the troops had been drawn up and were executing an order to load, another youth accidentally discharged his musket and tore a sleeve from the uniform of a comrade.

At 1 o'clock the troops moved toward the depot, where a large number of police, deputy sheriffs and deputies, under United States Marshal Baldwin, were already on guard. The strikers and sympathizers to the number of several thousand had preceded the troops. The appearance of a military surgeon with his instruments and a bundle of bandages had not helped to improve the temper of the strikers. When the soldiers arrived they were greeted with derisive yells and harsh comments. One body of troops passed into the railroad yards and took up their position along the main line. The rest of the soldiers were massed outside the depot.

It became known that General Superintendent Fillmore had announced his intention to start trains under military protection. The strikers at once became demonstrative. Chairman Frank Knox, the leader, saw the gravity of the situation and addressed the men, urging them not to molest the militia. Notwithstanding his conciliatory talk, the strikers loudly declared no Pullmans should be moved. Finally three companies of militia were ordered to drive the strikers from the depot. The scene was at once tumultuous and the situation threatening. For a few moments the soldiers hesitated, then they wavered and then came a blunt refusal to move against the excited strikers. A few minutes later all the troops turned their backs upon the turbulent mob at the depot and quietly withdrew to the armory.

A deafening shout announced the second victory of the strikers over the railroad company and their first victory over the state militia.

Soon after this it became known why the militia had retreated. United States Marshal Baldwin and the railroad officials had insisted that the troops refrain from shooting and that they remove the strikers by physical strength. This plan the officers of the militia absolutely refused to sanction.

When the troops had withdrawn to their armory and the jubilant strikers and their sympathizers were loudly celebrating their victory a new source of danger became apparent. A body of 50 strikers appeared on the scene armed with rifles and ammunition. It was learned that the Garibaldi guard had turned the contents of its arsenal over to the strikers.

The authorities and railroad people became still further alarmed when advised of the warlike preparations of the strikers at various points north of here on the Oregon branch. At Dunsuir shortly after noon a body of 75 strikers fully armed and equipped for battle marched to the South Pacific depot where other American Railway union men had a car and locomotive in waiting, and soon the body of excited men were speeding toward Sacramento. A United States marshals' car was coupled behind the coach in which the strikers were riding.

At Red Bluff a demonstration which also portends trouble was made by the strikers. The American Railway union men there received orders early in the day to come to Sacramento and at once began rustling about the town for arms. Finally 100 rifles and plenty of ammunition was secured and placed in a caboose at the depot. When the trains from Dunsuir arrived at Red Bluff the rolling arsenal and another band of strikers was taken aboard. At 3:30 the train stopped at Redding long enough for the strikers to purchase all the available ammunition. Soon they were speeding on again toward Sacramento.

The addition of these excited and desperate men from the mountain regions of the north to the riotously-inclined strikers already here portends grave consequences and the whole populace is not unreasonably anxious.

QUIET IN CHICAGO.

An Occasional Flurry, but No Serious Outbreak Takes Place.

CHICAGO, July 5.—Taken in its entire-

ty yesterday was a quiet one in strike circles, barring an occasional flurry caused by the gathering of mobs in the stockyard district, which, however, were held in check by police and deputies, backed up by the near proximity of a detachment of regulars from Fort Sheridan for whom the strikers have a wholesome respect. Trains are once more moving at Blue Island, the turbulent element having suddenly simmered down when confronted by certain wicked pieces of ordnance and glittering bayonets.

The Chicago and Northwestern has resumed its passenger service, which is now moving regularly and without interference.

A special grand jury will, it is stated, be called together soon for the purpose of indicting President Debs and other leaders of the American Railway union, charging them with conspiracy to impede railway traffic, contempt of the federal court's injunction and incitement to mob violence and riot.

After the troops disembarked at the stockyards the strikers vented their spleen by ditching the two rear coaches of the troop train and disabled the engine by shoving coupling pins into the cross-head guides, being careful, however, to wait until the regulars had got a safe distance away.

The Illinois Central announces that conditions on their lines are more favorable and the suburban passenger service will soon be resumed. The Santa Fe and the Alton service is still seriously crippled, though Santa Fe passenger trains are moving on time. The Baltimore and Ohio passenger service is normal; Nickel Plate freight service at a standstill and passenger trains irregular. The Chicago and Calumet Terminal is at a standstill. The Michigan Central got out a train of 40 cars of meat yesterday. Situation improving.

The Pennsylvania railroad announces that they have begun moving perishable freight to and from Chicago. A late report from Fifty-seventh street is that fast train No. 7 Lake Shore and Michigan Southern from New York is held there in the hands of a mob and police have been dispatched to the scene.

The Order of Railroad Conductors, Brotherhood of Locomotive Engineers and Brotherhood of Railroad Trainmen, at a meeting held in Centralia yesterday, representing the Champaign district of the Illinois Central railroad, voted to remain at work. Similar action was taken by Division 23, Brotherhood of Locomotive Engineers at Jackson, Tenn.

There are from 2,500 to 3,000 passengers on the Chicago and Alton blocked train at Bloomington. The Chicago and Alton have utilized their men to report for duty at once or consider themselves discharged. If they do not report for work men will be hired in their places and open the road if necessary with the protection of United States troops.

The General Managers' association after their meeting yesterday positively reiterated its previous line of policy regarding the present strike in the strongest terms that they have yet used. It is emphatically stated that there is no compromise and no surrender contemplated or possible on the part of the railroads.

CLEARING THE YARDS.

United States Troops Aiding the Railroad Companies at Blue Island.

BLUE ISLAND, Ills., July 5.—The four companies of the Fifteenth United States troops from Fort Sheridan for Blue Island went into camp three-quarters of a mile from the depot where all the trouble has been raised. The regulars are in command of Major Bailey of the First battalion. They were accompanied by Deputy United States Marshal John A. Logan and United States District Attorney Milchrist. The fireman on the train that pulled the regulars refused to assist in backing the train into the switch when the soldiers were disembarked. He was put under arrest by Marshal Arnold. Roadmaster James Conlon fired the engine through the switch.

Wrecking crews were brought in and the work of clearing the yards under guard of the United States soldiers was begun.

Carroll Christ, a brickmaker, and Ed Heimes, a greenhouse man, were arrested during the day at Blue Island by Marshal Arnold and Deputy Marshal Logan for making threats against the deputy marshals. Holmes said: "I will stick a knife through the first — — deputy marshal I get a chance." The arrests were made near the general offices and were the occasion for the gathering of what would have been an ugly mob but for the United States soldiers on guard.

Robert O'Keif and J. B. Rogers, both leaders among the strikers, were also arrested for making threats. O'Keif resisted and severely pounded Deputy Marshal Kohl, but was overpowered and locked up. A large number of arrests were made, and the strikers were much incensed at the wholesale locking up of the leaders.

NOTHING DOING IN ST. LOUIS.

Freight Traffic Entirely Abandoned and but Few Trains Are Running.

ST. LOUIS, July 5.—No attempt is made to move freight on either side of the river, and with a majority of the roads not much effort was made to move passenger trains. Up to this time there have been no acts of violence, but the explanation may be the inactivity of the railway managers.

Several roads are hiring new men, and will endeavor to resume sending out freight trains. If they meet with obstruction they will apply to the United States court for an injunction, and if a restraining order of the courts does not prevent interference they will call on the president for the aid of federal troops.

Superintendent Jones of the Missouri Pacific terminals, at Union depot, dis-

charged six yardmasters yesterday because they refused to continue throwing switches. The six men discharged are members of the Switchmen's Mutual Aid society, which, it is said, will now order out its members in retaliation.

But one road, the Toledo, St. Louis and Kansas City, which is in the hands of a United States receiver, is able to make any showing in handling traffic. All the others are tied up as to freight and nearly so as to passenger trains.

The difficulty of handling as much business, freight or passenger, as each road might with even its present force, is greatly increased by the tying up of equipment at outlying points, and the extension of the strike to Mattoon, Ills., Brazil, Ind., Mount Vernon, Ills., Terre Haute, Princeton, Lewisville and other points not only keeps equipment from coming in, but renders it useless to send out trains, for there is no assurance that any train can get far from town. The refusals of engineers to take out trains with new firemen, etc., are growing in number, but develop only as trains are made up. Nevertheless this movement is practically general, especially on the Trunk lines.

The strike has diverted business to the steamboats and rivermen expect that a good deal of freight will be taken out by way of the river if the trouble lasts any length of time. More local freight is being handled by the boats than for several years. The scarcity of coal is, however, again being felt, as the supply along the river has almost been exhausted. The St. Louis breweries will lose considerable in consequence of the strike. The beer they have on the road not delivered will be a dead loss to them, as it will spoil as soon as the ice in the cans melts. In addition it is, of course, impossible to fill new orders. The milk supply of the city is becoming scarce and a famine is in prospect. Coal is also in light supply, while ice is decreasing in quantity in stock very rapidly. Unless the blockade is broken within a short time the worst possible feature of such a strike as this will make itself apparent in actual suffering by the people who are already seriously affected. Beef killing and importing establishments are shutting down; butter, cheese, eggs and lemons are also becoming scarce. Vegetables, on the contrary, are increasing in supply as this is a distributing point for hundreds of nearby truck gardeners.

No Strike at Indianapolis.

INDIANAPOLIS, July 5.—The efforts to bring on a general strike here have failed. The number reported to have struck has been greatly exaggerated. The railroad men here have little sympathy with the strike, and a part of those who are participating in it tell their employers that they have no heart in it. Everything is quiet, and save for the mor'd crowds about the points of strike, there is no excitement.

All Right at Nashville.

NASHVILLE, July 5.—All passenger trains on the Louisville and Nashville and Nashville, Chattanooga and St. Louis railroads are running as usual. The Louisville and Nashville is not running through freight trains. The first Pullman sleeper over the Louisville and Nashville road from Chicago via Nashville since Saturday arrived here yesterday. It was in charge of troops from Chicago to Danville Junction.

Cut Out the Pullmans.

HAMMOND, Ind., July 5.—Train No. 8 on the Erie road was stopped by a mob of 300 men when just over the Indiana line. Two Pullman cars were cut off and the engineer ordered to go ahead, which he did. Sheriff Frederick had none of his deputies at hand and was unable to do anything alone. He afterward sent a message to Governor Matthews asking for the militia.

No Freight Trains Moving.

BRAZIL, Ind., July 5.—All of the switchmen on the Vandalia are out and no freight trains are being moved. Superintendent Broughton of the Columbus and Eastern Illinois telegraphed Trainmaster Fowler that two crews of nonunion men would be sent to this city to move the passenger train that has been standing at the depot since Friday.

Yards Cleared of Passenger Trains.

DECATUR, Ills., July 5.—More Wabash trains went out of Decatur yesterday than any day since Saturday. Trains that have been here since Sunday were gotten out and the yards are now clear of blockaded passenger trains. The strikers are still determined and have lost none of their men.

Mail Train Tied Up.

LAPORTE, Ind., July 5.—The Lake Shore and Michigan Southern was tied up here last night. Number 11, westbound fast mail, is sidetracked here, unable to get through. She has two coaches of new employees, and on their account is afraid to proceed further.

Believed to Be Insane.

MADRID, July 5.—The man who made an attack with a dagger on the Marquis de Cuba, one of the leaders of the recent Spanish pilgrimage to Rome on Monday, is named Perez. He was one of the pilgrims who recently returned from Rome and is believed to be insane.

Shed Falls on a Crowd of People.

HINTON, W. Va., July 5.—The shed awning in front of the Parker Opera House fell in yesterday. A big crowd was assembled beneath it, and one boy, Newton Mann, was instantly killed. Two others will die. Seventeen more were seriously injured.

It Was Asiatic Cholera.

STOCKHOLM, July 5.—An inquest upon the body of the man who died here of a disease supposed to be cholera shows that it was a case of Asiatic cholera. The man arrived here from St. Petersburg on board the steamship Dobeln.

COMMONWEALERS CELEBRATE.

The "Goddess of Liberty" Buried in Front of the Capitol.

WASHINGTON, July 5.—The Coxey commonwealers went through the spectacular performance of burying the "Goddess of Liberty" in front of the Capitol yesterday. It was the sequel of the demonstration of May 1, when, according to Coxey and Browne, liberty was mortally wounded and lingered until she expired on the Fourth of July.

Captain A-stin and a force of 10 mounted and 26 unmounted policemen were on hand with two patrol wagons. A small crowd was attracted by the novel performance.

The commonwealers marched four abreast, 246 strong, with many banners and devices. At their head rode Carl Browne in a remarkable disguise. His beard had been removed and his face powdered. A wig of yellow hair fell to his waist. His arms were bare and powdered. A liberty cap was on his head and his body was wound with the emblematic garments of liberty. It was not intended that Browne should be known in the disguise, and the name of the Goddess was announced as "Sarah Elkhart, an Egyptian."

After parading through Pennsylvania avenue, the army formed company front around Peace Monument, where Goddess Browne delivered an apostrophe to the bronze Goddess on top of the Capitol. As he closed his address, he flopped in a badly simulated swoon from his horse, and his comrades catching him placed the pale faced marshal in an impromptu hearse and laid him at full length with flags and crepe over him. The hearse was inscribed "Liberty is Dead."

The procession then moved away to Mulligan Hill, where the Goddess stepped from the hearse and the commonwealers closed the day with dances and speeches.

EX-GOVERNOR WINANS DEAD.

Michigan Loses One of Her Recently Chief Executives.

HAMBURG, Mich., July 5.—Ex-Governor Edwin B. Winans died at his home here at 4:30 o'clock yesterday afternoon of heart disease. While deceased had not been in good health for several months the attack which proved fatal was sudden and of short duration. Two physicians who spent the night with him had expressed grave fears of the outcome.

Mr. Winans was born in New York state in 1826 and was a resident of Michigan since 1834, with the exception of eight years spent in California in the '50s, since when he has been a prominent farmer of Livingston county. He had always been a radical Democrat, and, besides his term as governor in 1891 and 1892, served as member of congress and of the state legislature. His administration as governor, while conservative and economical, gained the respect of all and the commendation of his constituents quite generally regardless of politics.

COLD BLOODED MURDER.

One Prominent Man Kills Another on the Mere Matter of Suspicion.

IRONTON, O., July 5.—About 6 o'clock yesterday evening the village of Hanging Rock, three miles below this city, was the scene of a cold blooded murder. The victim, Joseph Gentle, a laborer, aged 23, and single, was shot through the heart and almost instantly killed by John Cannon, a respected citizen of the village, who suspected Gentle of being intimate with his wife.

NOT BEFORE MONDAY.

Nothing Will Be Done in the Senate Any More This Week.

WASHINGTON, July 5.—It is the general understanding that when the senate meets tomorrow there will be only a brief session and that the senate will then adjourn until Monday. It is quite probable that there will not be a quorum in the senate again this week. The resolution of Senator Kyle, introduced at the request of the striking railroad men is regarded as sure to cause debate, and senators who expect to speak on it understand that it will go over until Monday. The resolution will cause some very tart debate in which Senator Davis of Minnesota will take a leading part, following the line of his telegram to McInnis at Duluth, in which he said he would not support the Kyle resolution.

One Hundred People Drowned.

BUDA-PESTH, July 5.—A terrible drowning disaster is reported from Mad, near Tokay, in northern Hungary. A ferryboat which was crossing the river Thiess near the town mentioned was capsized with 200 people on board. It is reported that about 100 of the passengers were drowned.

Two Children Drowned.

ERIE, Pa., July 5.—During a high gale yesterday a sailboat containing Frank O'Muth, wife and three children was capsized beneath it, and one boy, Newton Mann, was instantly killed. Nellie, aged 9, and Willie, aged 4, were swept off and drowned.

Mother of Boulanger Dead.

PARIS, July 5.—The mother of General Boulanger, who committed suicide on Sept. 30, 1891, in the cemetery of Ixelles, near Brussels, on the tomb of his mistress, Mme. De Bonnemains, is dead. The late Mme. Boulanger was 92 years old.

IN CHINA AND JAPAN

The Usual Number of Disasters Have Occurred.

BIG FIRES AND EARTHQUAKES.

Over a Thousand Houses Burned and Several Thousand People Are Homeless and Destitute — Twenty-Six Persons Killed and Many Others Injured by the Earthquake—Other Oriental Happenings.

VICTORIA, B. C., July 5.—The steamer Victoria brings the following advices from China and Japan:

On June 17 the village of Honmura, adjoining Yokohama, was destroyed by fire, upwards of 1,000 houses having been consumed, and three days afterward the heaviest earthquake experienced in Yokohama and Tokio since 1880 occurred. In both places there has been loss of lives and great destruction of property.

The fire started in a restaurant and for three hours spread with great rapidity. A desperate fight was made to stop it, and was made successful through aid of men from her majesty's steamship Century. The loss amounts to hundreds of thousands of dollars and several thousand people are homeless and destitute.

Tokio's loss of life by the earthquake is severe, 26 persons having been killed and many wounded, the number of the latter not being known. Casualties to property of one kind or another are in the hundreds

J. N. KEHOR, Chairman. J. C. LOVEL, Secretary.

Fair weather; slightly warmer.

HOT SHOT.

The Cincinnati Daily Enquirer has very little to say nowadays in defense of the administration and the Democratic party, but the Weekly Enquirer puts in some good licks.

Congressman Boutelle, of Maine, said in a recent speech that "the country is prostrated by Democratic blight," and the Weekly Enquirer replies in the following vigorous language:

1. President Cleveland during his first term was confronted with an overflowing treasury and he urged upon Congress a reduction of taxation, insisting that unnecessary taxation was unjust and that all money not needed for an economical administration of the Government should be left in the pockets of the people, and in the channels of business and trade.

2. He (Boutelle) knows that when Harrison became President, by reckless and extravagant appropriations, the treasury was emptied. "To h—l with the surplus," was the watchword of Boutelle and his party.

3. He knows that the leaders of the Republican party insisted that heavy taxation brought prosperity.

4. He knows that when the Republican party, under the leadership of Harrison, was restored to power the large manufacturers, the corporations and trusts, the beneficiaries of a high tariff, were invited to construct the tariff schedule in their interests and for their profit that Boutelle aided in putting the McKinley bill upon the statute book.

5. He knows that the outrage upon the rights of the people was perpetrated under the false pretense of protecting American labor and giving better wages to the producing classes.

6. He knows that the wages of labor were reduced in every protected industry, and that strikes and lockouts have been the order of the day ever since, and that to-day millions of men are unable to obtain remunerative employment, and that the armies of the unemployed are crowding every highway, threatening the public peace and the safety of life and property.

7. He knows that the Democratic party was in no way responsible for the calamities which befall the country, and that it was so understood by the immense majority which voted Harrison and his party out of power.

8. He knows that the Democracy has been delayed in correcting the abuses which has brought us to the verge of universal bankruptcy by the parliamentary tactics of the old, foxy politicians, who are in the service of the trusts created by them.

9. Knowing all these facts, it does not seem possible that any man can read the lying allegations of such demagogues with any feelings but those of loathing and disgust.

A few years ago cotton seed were considered as so much waste, and there was no means of utilizing them. But a short time has brought about a wonderful change. Last year over 500 cotton seed mills were operated in the South, and these mills exported during the year cotton seed to the value of \$41,033, oil cake and meal valued \$6,684,200, and oil to the value of \$5,203,675, and in quantity over 5,000,000 pounds of seed, over 600,000,000 pound of oil cake and meal, and nearly 13,000,000 gallons of cotton seed oil. About one and one-half millions of cotton seed, which a few years ago was a waste product, were reduced to oil meal, lint and hulls during the year, yielding over \$18,000,000 to the farmers, and adding about \$40,000,000 to the wealth of the country.

WEEKLY CROP REPORT.

Conditions Favorable, Though There is Some Complaint of Lack of Rain—Fine Wheat Yield.

The past week has shown no abatement in the high temperatures reported in several previous bulletins, the average for each day having been several degrees above the normal, with maxima temperatures of 90 or more. The prevailing clear weather has resulted in a large excess of sunshine, many sections of the State reporting absolutely cloudless weather for the entire week. The rainfall came mainly in the form of local thunderstorms, which appear to have been most frequent in the northern and central counties of the State. In places storms were accompanied by tremendous downpours of rain, while in other sections only light showers fell. It is estimated, however, that fully one-half of the area of the State was visited by rain during the week. Violent wind storms with hail are reported to have occurred on the 26th in many parts of the State, and considerable damage to crops, buildings and fences resulted from them in many localities. The conditions described have, upon the whole, been favorable to crops, though there is quite a general complaint of lack of sufficient rain.

The wheat harvest is virtually over, only a few fields remaining uncultivated. Threshing is in full progress and the yield is almost universally reported to be fine, both as to quantity and quality. The storms of the 25th damaged the grain in the shock in some places in the central counties. Complaint of injury from black rust is made from Montgomery and Henry counties.

Oats are heading out low, but are somewhat better than they were last week. All indications point to a light yield.

Meadows and pastures look better in the sections where rain has fallen, but are very short in other places. Generally speaking their condition is below the average, and the hay crop promises to be lighter than that of last season.

Gardens have made quite a considerable improvement during the week, though they would be greatly benefited by rains. Late potatoes are reported to be exceptionally fine. Sweet potatoes are also making excellent progress.

Corn continues to improve, and nearly all reports are agreed as to its fine condition. Some few correspondents report that it is suffering from lack of rain, but these represent but a very small portion of the State. Rain would undoubtedly benefit the crop, however, particularly that portion of it planted upon high ground.

Tobacco, while still very backward, looks better than at the time of last report. The reports concerning it are somewhat conflicting, some correspondents reporting a good stand, while others state that the prospect is very discouraging. Its condition appears to be better in the northern and central counties than in other sections. The season has thus far been very unfavorable for this crop, the principal trouble being the lack of heavy general rains to make a good setting season.

The outlook for fruits, except grapes and blackberries, is poor. The latter are reported to be especially abundant.

REGULARS VS. OLYMPICS.

Wednesday's Game Resulted in a Score of 17 to 10 in Favor of Maysville's Crack Team.

Several hundred people went out to the fair grounds on the Fourth to see the game of ball and the races. The races were not in it, however, after the boys commenced batting the sphere.

The Olympics put forward the following team at the start:

Catcher—Elmer Rudy.
Pitcher—T. Moore.
First base—Waldo Hamilton.
Second base—Frank Purnell.
Third base—Phil Triplett.
Short stop—Stanley Nolin.
Right field—Simon Crowell.
Center field—Charles Crane.
Left field—Mart Wilson.

The Regulars opened with McDaniel in the box, Lloyd behind the plate, Holiday at first, Captain Davis at second, Wadsworth at third, O'Donnell as short stop, Wells in right field, Hill in center and Cake at the left.

The Olympics put up very good ball considering the fact that it was the first time the team had ever played together. Moore's pitching was a little wild at times, but his arm was sore. He was finally taken out of the box and Nolin was substituted, and gave the Regulars the hottest he had in the box. In the out field, Wilson did splendid work all along for the Olympics, and Crane made one of the most difficult catches of the game.

The Regulars never had the outfield better taken care of. Wells and Cake made any number of good catches. Wells deserves special mention for his extra good work. The rest of the Regulars sustained their excellent reputation all through, except in the seventh inning when for some reason or other, they allowed themselves to get badly rattled. This tickled the crowd immensely, and they added to the temporary discomfiture of the Regulars by their shouts and jeers. The crowd was with the Olympics all along and wanted to see the Regulars knocked out, but in this they were disappointed.

The game opened with the Olympics at the bat. Rudy sent a fly to center which was promptly taken in by O'Donnell. T. Moore hit a grounder to center and reached second. Hamilton lined one to left and made second. Wells threw home to shut off Moore but Lloyd didn't stop it and Moore scored. Hamilton reached third and scored on Purnell's strike to right field. Purnell tried to make third on his strike but didn't succeed. Nolin went out on a fly to center which was taken in by O'Donnell. The Regulars made a bad start. They never saw the first base. Captain Davis struck out. Wadsworth sent one to his knee and quit. McDaniel struck out, and the Olympics again tried their hand at the bat.

Crane hit to left and never reached first. Wilson sent a high one to left which was taken in by Cake. Crowell reached second and tried to make third on what he considered a balk, but McDaniel sent it to Wadsworth and Crowell retired, and the Olympics got a goose egg.

Hill was given base on balls, Holiday was hit and took first. Hill stole to third and scored on Rudy's wild throw to Triplett. O'Donnell hit a fly to left which was caught by Wilson. Holliday scored on Lloyd's grounder to right. Wells followed with a grounder to left, and Lloyd scored. Captain Davis hit a little one to Pitcher Moore and went out. The inning closed with three runs to the Regulars' credit.

In the third inning, Cake's catch of Rudy's fly was one of the fine plays of the game. He had to take it in on the run.

The Olympics were soon retired. Hill opened for the Regulars with a three-bagger. The Regulars had got on to Moore's curves and they slugged him unmercifully in this inning, piling up seven runs.

The Olympics couldn't do any good at the bat in the fourth. Hill and Wells took in two flies in succession and the Olympics third batter was struck out. They then put Nolin in the box and Purnell behind the plate and retired the Regulars after one run was scored.

In the fifth, the Olympics never reached first base. The Regulars got in one run, McDaniel making it by a shave. The Olympics didn't do any better in the sixth. McDaniel struck two out, and Hamilton hit a short one to Davis and never saw first. The Regulars scored three more runs in this inning, O'Donnell, Wadsworth and Wells making the circuit.

In the seventh, the Olympics made a grand rally and had the Regulars badly rattled. The Olympics did some fine batting, and succeeded in getting eight men over the plate. The Regulars got in only one run.

In the eighth, the Regulars put Wadsworth in the box, and McDaniel behind the plate, which settled it for the Olympics. Wadsworth started in by promptly catching out Crain and striking out Crowell. Wells caught McCormick's fly to right, and the picked nine were sent to the field. The Regulars scored another

run in the eighth. The game closed with 17 to 10 in their favor.

THE Paris base ball club has added five new players. Two of the new men, Hornberger and Curtis, are pitchers, and are Cincinnati boys. Fuller, another new player, formerly played second for the St. Louis Browns, and is a brother of shortstop Fuller, of the New Yorks. The other new men are Catcher Kehoe and Heidleman, who will play second base.

THE grand jury at Lexington has indicted William McNamara, Tim Maher, Jas. Hickey and Robert Rice, all prominent Catholics. Officers Owen O'Neil and John Shea were indicted for misfeasance in office, in refusing to arrest the other parties indicted. Some time ago Rev. Taulbee, of Covington, lectured to an A. P. A. audience, and the parties indicted are charged with having stoned and egged Rev. Taulbee.

KELLEY AND HIS HOBS.

Maysville Visited by Another Detachment of the "Industrial" Army. Sent on Their Way.

"General" Kelley and his army of tramps numbering about 600 arrived last evening about 6:30 o'clock. They were quartered on a barge in tow of the F. J. O'Connell.

The O'Connell left Cincinnati the night before at 8 o'clock and was all night and all yesterday making the run here.

The steamer tied up on the Ohio shore a short distance above Aberdeen, and the tramps were soon busy preparing supper over a number of fires on the beach.

Aberdeen was overrun by the tramps begging something to eat, and detachments were sent over to this city on a similar errand. About twenty of them were run in by the police. They sent word to the "General," and Kelley came over and got them out.

On the order of Mayor Cox, the party was then given a lot of provisions and were sent back to the boat with orders to keep away from Maysville.

The O'Connell resumed her trip at 5 o'clock this morning. The Cincinnati authorities paid her owner \$200 to take the crowd as far as he could for that sum.

EVANGELIST FIFE was paid \$300 for the meeting at Cynthiana in addition to his expenses. He will hold a meeting in Millersburg or Frankfort in September, probably in both cities.

MR. SAM CHUNN, who was taken ill very suddenly while employed on the Russell Building Tuesday, was somewhat better this morning. His many friends sincerely wish for his speedy recovery.

THE grandfather, mother and aunt of Charles Duzan, who shot Miss Mattie Hull of Poplar Flat, were mentally unbalanced. His mother only recently arrived home from the asylum. His victim, Miss Hull, is a niece of ex-Representative Frank Hull and ex-Sheriff Samuel Hull, of Lewis County.

ALEX. GREENWOOD, Jr., a Sixth ward youth, is in custody on charge of grand larceny. He is accused of stealing \$20 from his grandmother, Mrs. Polly Clinger. The money was taken Tuesday, and he started out to celebrate the Fourth. Several barkeepers will have to answer the charge of selling him liquor. The trials come off this afternoon.

FARMERS, don't you think it would be a good idea to bring your wheat to the Magnolia Mills and have it ground or exchanged for flour. If you bring good wheat I will guarantee satisfaction, or you can return the flour and I will pay you for the wheat what it was worth at the time you delivered it. You can also get a good load of coal. Yours,

R. A. CABR.

THE employees of the Maysville Cotton Mills, numbering several hundred, were given a picnic at Dieterich's Grove on the Fourth. It was a grand treat for all, but especially for the children. With foot ball, swinging and other amusements, the day was spent very pleasantly. The ladies of the West End Mission spread the dinner for the crowd. The arrangements were looked after by Superintendent Scott, and Messrs. Hall Curran and R. A. Cochran, Jr.

THE OLD SETTLERS.

A Big Crowd Attended Their Annual Reunion at Ruggles Camp Ground.

The old settlers of Mason, Fleming and Lewis counties celebrated the Fourth with a reunion at Ruggles camp ground. A big crowd was in attendance, about 2,000 people being present.

Hon. George T. Halbert and Judge Pugh, of Vanceburg, and Judge Whittaker and Mr. Charles E. Cake, of this city, were the orators of the day. The most elaborate address on the programme was delivered by Mr. Cake, and he was complimented on all hands. Mr. Cake is not yet twenty, and the audience were surprised and delighted with his graceful delivery.

A bountiful dinner was spread at noon, which was enjoyed by all.

The camp meeting privileges were sold during the day, and every tent was taken by 2 p. m. for the approaching meeting. The confectionery privileges were sold to Plummer Bros. for \$211.55. Scheckle & Hinton got the hotel.

F. DEVINE sold for R. L. Gillespie, of Lexington, thirteen acres of land near Tollesboro to R. M. Stephenson for \$500.

FOURTH OF JULY FIRES

Great Destruction Done at Several Different Places.

OVER A MILLION DOLLARS LOST

Hudson, Massachusetts, Almost Completely Destroyed—Large Business Houses, Factories, Postoffice and Forty Dwellings Burned—A Texas Town Wiped Out of Existence—Fire Losses Elsewhere.

HUDSON, Mass., July 5.—Shortly before 4 o'clock yesterday afternoon the most disastrous fire this section of the country has ever seen broke out in Chamberlain's shoe factory, on Woods square. When discovered it had gained considerable headway, and with a strong wind blowing the flames soon went beyond the reach of the local firemen and spread with wonderful rapidity, the factory being burned to the ground within half an hour.

One cause for the rapid spread of the fire is assigned to the explosion of several barrels of naphtha and oil used in the shoe business. Within an hour the flames had spread to the Union depot, the public telephone office and Higgin's shoe factory. The firemen were perfectly helpless and assistance was summoned from surrounding cities and towns. The postoffice, with its contents, was totally destroyed and the loss in this department can not be fixed. It is known, however, that several registered packages arrived on the morning mail and were not delivered on account of the holiday.

Forty dwellinghouses were destroyed, together with their contents. The firemen worked with a will, but their efforts seemed to be in vain, and it was finally found necessary to blow up a number of houses to save the entire town from destruction. The loss is estimated between \$750,000 and \$1,000,000, and it is said to be mostly insured. The Boston fire department also assisted.

Fireworks Stores Destroyed.

NEW HAVEN, July 5.—A general alarm of fire was rung for a fire in the big city market last night. The fire was caused by an explosion of fireworks in one of the stores. The market was a large 2-story building, formerly used as a depot and was 300 feet long. The explosive nature of the contents of the store made it impossible to check the flames and in a few minutes another fireworks store on the opposite side of block took fire and soon both stores were completely destroyed. Over 50 merchants suffer the complete destruction of their stocks and the damage is estimated at from \$100,000 to \$125,000. The insurance is only partial.

Block of Buildings Burned.

SYRACUSE, Neb., July 5.—Fire yesterday destroyed a whole block of business buildings, causing a loss of \$50,000. The flames started in the store of the Pohlman Brothers from unknown causes. The buildings destroyed include Pohlman Brothers, D. Lewis, E. G. King's, George F. Snyder's, Helen Rissers, F. A. Reutters, Joyce & Bell's, D. L. Hill's, Herman Heute's Jonas Sudgen's and Frank Ireland's. The insurance only amounted to \$16,000.

Michigan Village Burning.

DETROIT July 5.—A special to The Tribune from Traverse City, Mich., says: A big fire is raging in Kingsley, threatening the destruction of the entire village. It was started by firecrackers. A strong wind is sweeping the flames through the town. The mill property will go, and the loss will amount at least \$50,000.

Distillery Burned.

NICHOLASVILLE, Ky., July 5.—Fire last night destroyed E. J. Curleys & Company's No. 15 distillery, at Camp Nelson, and all the buildings on the west side of the pike. Loss, \$50,000; insured, No. 15 had been shut down since June 1. No whisky burned.

Texas Town Destroyed by Fire.

DALLAS, July 5.—Fire, originating in an explosion of fireworks, destroyed the greater part of the town of Honey Grove yesterday. Loss about \$200,000.

EZETA'S CONFIDENCE.

He Does Not Think the United States Government Will Surrender Him.

NEW YORK, July 5.—A World San Salvador dispatch says: A rumor has been current here since Sunday that Captain Thomas of the United States warship Bennington advised the government that Antonio Ezeta was at its disposition, but that the agent at La Libertad, on going on board the Bennington, was informed that thus far no orders had been received from Washington.

The officers of the ship refused to talk for publication, but Ezeta said that he was confident he would not be surrendered. His friends were already at work in Washington trying to convince the United States government that he is not guilty of the offenses as charged, as he has acted only under orders of his government. His friends would show the Washington government that Guatemala is behind Gutierrez, who, it was certain, would not give him a semblance of a fair trial, as his (Ezeta's) death had been decided upon by Barrios, Bonilla and Gutierrez in order to satisfy their private vengeance.

IRON MINERS UNDER CONTROL.

Michigan's Militia Restore Peace at the Gogebic Range.

IRONWOOD, Mich., July 5.—Three companies of national guards arrived by special train from Calumet, Houghton and Marquette under command of Colonel Thon. Three hundred and fifty men are now under arms, and it is believed these, with the Menominee company, which is hourly expected, will be able to restrain the striking Gogebic iron miners from further acts of violence.

The Finn, Pole, Austrian and Italian strikers threaten to fire on the militia if an attempt is made to run the steam shovels with nonunion men. The lawless element number fully 1,000.

KENTUCKY BAPTISTS.

Interesting Figures Showing the Progress of Their Work Throughout the State.

The minutes of the State Baptist Association have just been issued under supervision of Mr. B. W. D. Seeley, from which the following interesting statistics are gleaned: Number of churches, 1,585. Increase in membership,—By baptism, 8,596; by letter, 4,108; by relation, 585; restored, 641. Decrease—Given letters, 4,697; by exclusion, 2,092; by erasure, 656; by death, 1,612.

The total membership is 157,847.

The church has 678 Sunday schools, in which officers and teachers number 3,627 and scholars 37,650. Conversions in schools were 1,395. Contributions in schools amounted to \$11,012.33.

The church property in the State has a seating capacity of 209,675 and is valued at \$803,617.

The reported contributions of the year are: State and district missions, \$18,626.54; home missions, \$11,208.18; foreign missions, \$13,885.59; Ministers' Aid Society, \$12,313.07; Orphans' Home, \$14,414.47.

Great Game of Base Ball To-morrow.

The best game of ball this season will probably be played to-morrow by the Cincinnati Gymnasium Club, one of the best amateur teams in the Queen City, and our Regulars. Every lover of the sport should be on hand and cheer our boys on to victory. They are playing good honest ball and deserve all the patronage that Maysville can bestow upon them. Go out if you wish to see the best game played here this season. Game will be called at 2 p. m. sharp.

POWELL, Manager.

MORE TROUBLE AT COEUR D'ALENE.

Nonunion Men Captured and Carried Off by a Masked Mob.

WALLACE, Ida., July 5.—Seventy-five masked men from Burke entered the town of Gem and seized and bound Superintendent Oneil and Foreman Summers of the Gem mine and Frank Higgins and Frank West, nonunion miners. The mob started to the blacksmith shop where John Nebo was working. Nebo saw them coming and sprang through the back window. The mob fired, killing him instantly, and his body rolled down the hill.

The leaders of the mob held a short consultation and gave the signal to close in around the prisoners, who were then marched over the range toward Montana. When word reached Wallace many deputies were sworn in and citizens joined their organization. They are now in pursuit of the mob. The trouble is a revival of the fight of 1892. Union men have made frequent threats to drive all nonunion miners out, and a few weeks ago fixed June 17 as the date nonunion men must leave the Coeur d'Alene regions.

HE WILL BE GREATLY MISSED.

Death of James Sullivan, Political Editor of the Chicago Tribune.

CHICAGO, July 5.—James Sullivan, political editor of the Chicago Tribune, died suddenly yesterday afternoon in the rooms of the Newspaper club. Death resulted from heart disease or apoplexy. Mr. Sullivan had been in unusually good spirits during the afternoon, the greater part of which he had spent at the club, of which he was the president and which he had helped to organize during the last winter.

He was considered the best posted man on the political situation in the city among his fellow reporters. He was also prominently identified with the cause of Irish liberty, and at the time of his death was hard at work trying to get contributions to the Irish parliamentary fund.

Soldiers' Monument Dedicated.

CLEVELAND, July 5.—The Cuyahoga soldiers' and sailors' monument, a typical American structure, an unconventional work of art with an infinite variety of detail which breathes the atmosphere of war and betokens the most painstaking research, was dedicated yesterday amidst the plaudits of thousands of enthusiastic people.

INTERESTING FIGURES SHOWING THE PROGRESS OF THEIR WORK THROUGHOUT THE STATE.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all drugists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

Not a Democratic Lie.

The Fleming News says: We do not intend that anybody shall think that the charge that Sam J. Pugh proposes to corrupt the voters of this district is a Democratic lie. It is boldly announced that such is his intention. He represents that party, too, that prates of "honest elections." Are the people willing to uphold a man who openly announces his purpose of debauching the ballot? Here is a clipping from the Bath County Banner, Republican, edited by a man who once aspired to be School Commissioner of his county:

"I regard Pugh as the most available candidate that went before the convention, not that he is better qualified to go before the people and discharge his duty in a more creditable and stranger and more plausible manner than Judge Ell, nor because he is a more pleasing orator. But while Pugh is his equal on the 'stump,' his 'pocket eloquence' is 'out of sight.' He carries in an old pocket-book in his left hand breeches pocket more enthusiasm than all the other candidates could draw to the surface with their tongues and pens, labor they never so hard."

THE HORSE race at the fair grounds yesterday was won by Mr. E. H. Martin's Stove Polish. Mr. Jesse Williams of Fifth ward won the bicycle race. The gate receipts of the day amounted to about \$125.
